A BILL

To protect and provide resources for the Social Security system, to reserve surpluses to protect, strengthen and modernize the Medicare Program, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Strengthen Social Se-
3 curity and Medicare Act of 1999”.

4 **SEC. 2. FINDINGS AND PURPOSE.**

5 (a) FINDINGS.—The Congress finds that:

6 (1) The social security system is one of the cor-
7 nerstones of American national policy and has al-
8 lowed a generation of Americans to retire with dig-
9 nity. For 30 percent of all senior citizens, social se-
10 curity benefits provide almost 90 percent of their re-
11 tirement income. For 66 percent of all senior citi-
12 zens, social security benefits provide over half of
13 their retirement income. Poverty rates among the el-
14 derly are at the lowest level since the United States
15 began to keep poverty statistics, due in large part to
16 the social security system. The social security sys-
17 tem, together with the additional protections af-
18 forded by the medicare system, have been an out-
19 standing success for past and current retirees and
20 must be preserved for future retirees.

21 (2) The long-term solvency of the social security
22 and medicare trust funds is not assured. There is an
23 estimated long-range actuarial deficit in the social
24 security trust funds. According to the 1999 report of
25 the Board of Trustees of the social security trust
26 funds, the accumulated balances in the Federal Old-

1 Age and Survivors Insurance Trust Fund and the
2 Federal Disability Insurance Trust Fund are cur-
3 rently projected to become unable to pay benefits in
4 full on a timely basis starting in 2034. The medicare
5 system faces more immediate financial shortfalls,
6 with the Hospital Insurance Trust Fund projected
7 to become exhausted in 2015.

8 (3) In addition to preserving social security and
9 medicare, the Congress and the President have a re-
10 sponsibility to future generations to reduce the Fed-
11 eral debt held by the public. Significant debt reduc-
12 tion will contribute to the economy and improve the
13 Government's ability to fulfill its responsibilities and
14 to face future challenges, including preserving and
15 strengthening social security and medicare.

16 (4) The Federal Government is now in sound fi-
17 nancial condition. The Federal budget is projected to
18 generate significant surpluses. In fiscal years 1998
19 and 1999, there were unified budget surpluses, the
20 first consecutive surpluses in more than 40 years.
21 Over the next 15 years, the Government projects the
22 on-budget surplus, which excludes social security, to
23 total \$2,900,000,000,000. The unified budget sur-
24 plus (including social security) is projected by the

1 Government to total \$5,900,000,000,000 over the
2 next 15 years.

3 (5) The surplus, excluding social security, offers
4 an unparalleled opportunity to: preserve social secu-
5 rity; protect, strengthen, and modernize medicare;
6 and significantly reduce the Federal debt held by the
7 public, for the future benefit of all Americans.

8 (b) PURPOSE.—It is the purpose of this Act to pro-
9 tect the social security surplus for debt reduction, to ex-
10 tend the solvency of social security, and to set aside a re-
11 serve to be used to protect, strengthen, and modernize
12 medicare.

13 **SEC. 3. ADDITIONAL APPROPRIATIONS TO FEDERAL OLD-**
14 **AGE AND SURVIVORS INSURANCE TRUST**
15 **FUND AND FEDERAL DISABILITY INSURANCE**
16 **TRUST FUND.**

17 (a) PURPOSE.—The purpose of this section is to as-
18 sure that the interest savings on the debt held by the pub-
19 lic achieved as a result of social security surpluses from
20 2000 to 2015 are dedicated to social security solvency.

21 (b) ADDITIONAL APPROPRIATION TO TRUST
22 FUNDS.—Section 201 of the Social Security Act (42
23 U.S.C. 401) is amended by adding at the end the following
24 new subsection:

1 “(n) ADDITIONAL APPROPRIATION TO TRUST
2 FUNDS.—

3 “(1) In addition to the amounts appropriated to
4 the Trust Funds under subsections (a) and (b),
5 there is hereby appropriated to the Trust Funds, out
6 of any moneys in the Treasury not otherwise
7 appropriated—

8 “(A) for the fiscal year ending September
9 30, 2011, and for each fiscal year thereafter
10 through the fiscal year ending September 30,
11 2016, an amount equal to the prescribed
12 amount for the fiscal year; and

13 “(B) for the fiscal year ending September
14 30, 2017, and for each fiscal year thereafter
15 through the fiscal year ending September 30,
16 2044, an amount equal to the prescribed
17 amount for the fiscal year ending September
18 30, 2016.

19 “(2) The amount appropriated by paragraph
20 (1) in each fiscal year shall be transferred in equal
21 monthly installments.

22 “(3) The amount appropriated by paragraph
23 (1) in each fiscal year shall be allocated between the
24 Trust Funds in the same proportion as the taxes im-
25 posed by chapter 21 (other than sections 3101(b)

1 and 3111(b)) of the Internal Revenue Code of 1986
2 with respect to wages (as defined in section 3121
3 of such Code) reported to the Secretary of Treasury
4 or his delegate pursuant to subtitle F of such Code,
5 and the taxes imposed by chapter 2 (other than sec-
6 tion 1401(b)) of such Code with respect to self-em-
7 ployment income (as defined in section 1402 of such
8 Code) reported to the Secretary of the Treasury or
9 his delegate pursuant to subtitle F of such Code,
10 are allocated between the Trust Funds in the cal-
11 endar year that begins in the fiscal year.

12 “(4) For purposes of this subsection, the pre-
13 scribed amount for any fiscal year shall be deter-
14 mined by multiplying:

15 “(A) the excess of—

16 “(i) the sum of—

17 “(I) the face amount of all obli-
18 gations of the United States held by
19 the Trust Funds on the last day of
20 the fiscal year immediately preceding
21 the fiscal year of determination pur-
22 chased with amounts appropriated or
23 credited to the Trust Funds other
24 than any amount appropriated under
25 paragraph (1); and

1 “(II) the sum of the amounts ap-
2 propriated under paragraph (1) and
3 transferred under paragraph (2)
4 through the last day of the fiscal year
5 immediately preceding the fiscal year
6 of determination, and an amount
7 equal to the interest that would have
8 been earned thereon had those
9 amounts been invested in obligations
10 of the United States issued directly to
11 the Trust Funds under subsections
12 (d) and (f); over

13 “(ii) the face amount of all obligations
14 of the United States held by the Trust
15 Funds on September 30, 1999, times

16 “(B) a rate of interest determined by the
17 Secretary of the Treasury, at the beginning of
18 the fiscal year of determination, as follows:

19 “(i) if there are any marketable inter-
20 est-bearing obligations of the United
21 States then forming a part of the public
22 debt, a rate of interest determined by tak-
23 ing into consideration the average market
24 yield (computed on the basis of daily clos-
25 ing market bid quotations or prices during

1 the calendar month immediately preceding
2 the determination of the rate of interest)
3 on such obligations; and

4 “(ii) if there are no marketable inter-
5 est-bearing obligations of the United
6 States then forming a part of the public
7 debt, a rate of interest determined to be
8 the best approximation of the rate of inter-
9 est described in clause (i), taking into con-
10 sideration the average market yield (com-
11 puted on the basis of daily closing market
12 bid quotations or prices during the cal-
13 endar month immediately preceding the de-
14 termination of the rate of interest) on in-
15 vestment grade corporate obligations se-
16 lected by the Secretary of the Treasury,
17 less an adjustment made by the Secretary
18 of the Treasury to take into account the
19 difference between the yields on corporate
20 obligations comparable to the obligations
21 selected by the Secretary of the Treasury
22 and yields on obligations of comparable
23 maturities issued by risk-free government
24 issuers selected by the Secretary of the
25 Treasury.”.
